

Hello and thank you so much for getting in touch with us here at Prince William's Paws 4 Claws Pet Sitter, LLC. We would love the opportunity to provide you and your pets with fun-loving, quality pet sitting service while you are away from home.

We have been providing quality pet sitting service in the Prince William County area since 2003. We are fully bonded & insured through Pet Sitter Associates, www.petsitllc.com.

We now offer a GPS mobile tracking app service which tracks all of our dog walks. This fun, interactive tool provides the route we walked, the distance, the pace (minutes/mile), the time of day, a map and lots of other interesting information.

The next step for us is to set up the Meet & Greet Consultation. At the Meet & Greet, we will meet both you and all of your pets and discuss all of the care requirements for each of your beloved pets.

We schedule all Meet & Greet Consultations Mondays through Thursdays, between 3:00pm & 6:00pm. Please let us know a convenient time for scheduling this meeting.

At the Meet & Greet, you will need to provide the following:

1. Copies of vaccination records for each of your pets (We will keep these on file in our office)
2. Two keys to your home (Please test the keys prior to the Meet & Greet)
3. \$25.00 New Client Processing Fee (Note: \$15.00 will be applied to the first service invoice)
4. Signed copy of the Service Agreement
5. Signed copy of the Veterinarian Release

Before the Meet & Greet Consultation, you will need to create a profile in our online scheduling system. The link to this service is: <https://www.powerpetsitter.net/Login.aspx?bid=1250>. Click on this link and then go to the "Click to Register" link. You will be prompted to enter your zip code and then the profile form will open.

On the profile form, you will establish a username and password and enter some basic information including your address, phone numbers, emergency contact information, information about caring for your home, etc.

The online service is used to schedule pet sitting and/or dog walking services and also maintain pet profiles, house care notes, and other pertinent information.

One last note, we use social media sites for communicating with our clients. If you use any of these sites, we welcome you to connect with us.
